Victories over poverty

Programming Highlights:

In 2007 (FY07) CARE supported more than 1,000 poverty-fighting projects in 71 countries to reach more than 65 million people. The following are some highlights of our work in 2007 to empower women and families around the world:

CARE's **education** programs helped 7.5 million students acquire the skills they need to succeed, and removed barriers to school attendance – especially for girls.

CARE and our partners reached more than 40 million people with information and services to protect their **health**, plan their families and raise healthy children.

Our **economic development** programs helped 8.8 million people – 53 percent women – with training and resources to save money and start businesses.

More than 12 million people enjoyed improved access to safe **water and sanitation**, and learned about healthy behaviors to prevent illness.

About 7 million people received information to stop the spread of HIV and reduce the negative social and economic consequences of **HIV/AIDS**.

11.5 million people participated in CARE projects to improve crop production, increase income and sustainably manage **natural resources**.

More than 15 million people benefited from our **emergency preparedness and response** projects, with particular emphasis on the needs of the most vulnerable: children, women and the elderly.
