Victories over poverty

Programming Highlights:

In 2008 (FY08) CARE supported more than 1,100 poverty-fighting projects in 70 countries to reach more than 55 million people. Here are some highlights of our work in 2008 to empower women and families around the world:

CARE and our partners reached more than 35 million people with information and services to protect their **health**, plan their families and raise healthy children.

Our programmes helped almost 7 million people prevent the spread of **HIV/AIDS** and reduce the negative socio-economic consequences of the epidemic.

CARE's **education** programmes helped 9 million students gain the skills they need to succeed, and removed barriers to school attendance – especially for girls.

Our **economic development** programmes provided 10 million people with training and support to save money, gain access to credit and start their businesses.

More than 11 million people enjoyed increased access to safe **water and sanitation**, and improved health and hygiene practices.

10 million people participated in CARE projects to improve crop production, increase income, adapt to a changing climate and sustainably manage **natural resources**.

Our **emergency preparedness and response** projects reached more than 11 million people, with special emphasis on the needs of the most vulnerable: children, women and the elderly.
